A training session is in the works for volunteers to help in the sound booth during our Worship Celebration and Fusion services. This will include running our video, sound and Power Point/Song Show Plus presentations. If you are interested, please let Pastor Daniel or the Church office know. This is a VERY important part of our worship experience so please consider volunteering.

Communion servers are also needed to help out once a month taking communion to our Home-Bound members. Again, please let the Church office know if you can help out.

Email fraud is the intentional deception made for personal gain or to damage another individual through email. Email fraud can take the form of a "con game" or scam. If you receive an email that seems suspicious, do not open it or respond to it. (Especially if it

is asking for money from you or wanting to give you money). Trust your instincts, not your emotions; call a friend or family member if you are not sure. Don't take the bait!
